Know God and make Him known

Simply Mobilizing Eurasia

We organized the first Simply Mobilizing (SM) Conference held in the Eurasia region in February, with 80 SM mobilizers in attendance from seven countries, which included Belarus, Latvia, Mongolia, Russia, Ukraine and Central Asia. It was an amazing experience for us, to see how our teams from the different countries connected with one another. We also planned and strategized together for further development of the mobilization movement in our region. Significant relationships were built and deepened, and many of the participants at the conference testified that the event was for them a deep confirmation of their call as mobilizers. We valued the process of seeking the Lord together as a region, to be in step with what He is doing. It was really a significant event for our region and we believe it will produce far-reaching fruit in the years to come.

Training in Mongolia

We are spending a wonderful month in Mongolia, training and mentoring the local mobilizers. We are running 4 Kairos courses in different regions and are excited to see how the local team is taking full responsibility for organizing and presenting the courses. It was also great to have connected our Simply Mobilizing team and some of the churches here, with the Gideons team in Mongolia, and they are discussing plans to do an outreach together to one of the unreached regions in Mongolia this summer. People from our teams in Belarus and Russia will also join with the Mongolians again for this summer outreach. Please pray with us that many lives will be touched and changed through this outreach.

SM Global Development Consultation - Philippines

In April we spent a week in the Philippines, gathering with 25 delegates from 13 countries at the SM Global Office in Butuan city. It was a great time of evaluating our progress in mobilizing the global church for involvement with God on mission. We learned from one another's practices and also planned together, with wonderful discussions on cascading the message and growing the movement. We thank the Lord for the SM International Leaders who created this platform for us to connect and learn together.

Youth Kairos

More Youth Kairos Facilitators were trained in Ukraine. The Youth Kairos team in Ukraine is growing in experience and it was wonderful to see the Ukrainian youth mobilizing their own generation to become involved with God on mission.

It was also wonderful to meet in the Philippines with Youth Mobilizers from different regions of the globe and to share experiences and learn from one another.

Plans for the next 6 months

- In **Russia** our team is working on finalizing the translation of 2 courses and we will also start another translation project for one more seminar that will help Churches become more missional. We will also have a Video recording team with us in September, to help us record the Russian tutorial videos for several courses as well as doing some teaching videos for a product called "The Unfinished Story".
- We will also be in **Israel**, serving in the communities by way of packing and handing out food and connecting with our Russian speaking friends. We will also have some important meetings with the Bridges for Peace team, discussing the growth of the BFP Representative office in Russia and the support for Israel from the Russian church.
- **Mongolia** - we will make a second trip to continue training of the local team.
- We are also working on the Serbian Kairos translation over the next 6 months, and will go to **Serbia** in November to present a course and work on a strategic plan for the mobilization of the church.
- Ettiene will be in **India** for 4 months, assisting with the work there. Please pray for him for wisdom, strength and good health during this time.
